

TOKENS — cut each strip, fold along the dashed line and glue back-to-back for a 2-sided token: **content** on one face, its **number** on the other (printed upside-down so it reads upright once folded). Food grows the snake; boost tokens let you draw boost cards. 40 tokens: 14×+1 food, 8×+2 food, 12×+1 boost, 6×+2 boost.
